

TRICARE CHANGE

I've had a number of Vets send me this article, some very concerned about their Tricare coverage here in the Philippines. If you are concerned with what's happening with Tricare in the U S as shown in the article, and how it affects your care here, likely you are not enrolled in the correct plan. Tricare in the Philippines is covered under Tricare "Select" which is further broken down by age generally speaking. If you are under 65 and a retiree, you should be enrolled in Select. If over 65 you should be enrolled in Tricare for Life. Note: that to be eligible for TFL you need to be enrolled in Medicare parts A and B. If you are in the Philippines and enrolled in any other Tricare product, you should contact International SOS, and discuss your plan with them as shown below.
